<b>Name:</b>	<b>Mexican False Red Yucca</b>
<b>Full Name:</b>	<b>Beschorneria yuccoides 'Quicksilver'</b>
<b>Flower:</b>	<b>Red, pink and green flower spike in summer</b>
<b>Leaf:</b>	<b>Grey green</b>
<b>Mature Size:</b>	<b>1.2m H x 1.5m S/Clump forming</b>
<b>Preferred Location:</b>	<b>Garden border/Patio container</b>
<b>Likes:</b>	<b>Full sun and rich, free draining soil</b>
<b>Dislikes:</b>	<b>Wet soil, full shade or temperatures below -7°C</b>
<b>Grown in:</b>	<b>Ireland</b>

Beschorneria yuccoides 'Quicksilver' is also known as Mexican False Red Yucca. It has sword like grey green leaves that produce a striking silver sheen under direct sunlight. The plants produce tall flower spikes in summer showing a colourful mix of red, green and pink. Beschorneria yuccoides Quicksilver' prefers rich soil and is ideal for planting in a sunny position in your garden or as a feature plant in a container on your patio.
