Grown in:	Ireland

Ceanothus 'Tuxedo' is a truly stunning new garden plant suitable for borders, general landscape and hedging. 'Tuxedo' will grow on exposed sites without losing its appeal and is tolerant of many soil types from heavy to light sandy. Of all Ceanothus varieties 'Tuxedo' has the darkest foliage making it not only unique in the family of Ceanothus, but also the hardiest purple evergreen foliage plant for the garden. It was discovered at FitzGerald Nurseries Ltd. in Kilkenny.
