## Cordyline australis 'Charlie Boy'<sup>PBR</sup>

Cordyline australis 'Charlie Boy' is a striking new variety for your garden or patio container. With its richly coloured leaves in burgundy and pink it is a sensational feature plant. In addition to its colour feature 'Charlie Boy' is a tough and resilient garden plant. Cordyline 'Charlie Boy' has developed as a seedling from Cordyline australis. It has outperformed other varieties for its robustness, especially regarding trunk stability. 'Charlie Boy' will give years of colourful value and enjoyment to your garden.

### Care & Handling:

Hardiness: Hardy to -8°C

Bloom: white flowers on mature plants during summer

Foliage: Variegated leaves with a burgundy central stripe and bright pink margins

Habit: Trunk forming. 2.5m x 1.0m.

Culture: Most garden soils. Full sun or partial shade.
