- Garden border
- Patio container

Name:	New Zealand Cabbage Tree
Full Name:	Cordyline hybrid 'Festival Grass' PBR
Flower:	White on mature plants during summer
Leaf:	Flamboyant, red and shiny foliage
Mature Size:	1.0m H x 1.0m S/Multibranching
Preferred Location:	Garden border/Patio container
Likes:	Full sun or partial shade/Well draining soil
Dislikes:	Water logged soil and temperatures below -8°C
Grown in:	Ireland

Cordyline 'Festival Grass' is a most unusual multibranching Cordyline ideal for patio containers or garden borders. With its compact development and the glossy, red foliage 'Festival Grass' adds year round interest to your garden containers. Mature plants develop sprays of white, fragrant flowers in summer.
