Cordyline australis 'Karo Kiri'

Cordyline australis 'Karo Kiri' with its short spiky green leaves from the top to the bottom of the trunk is a most unusual looking variety of *New Zealand Cabbage Tree*. The architectural appearance of this extraordinary plant is ideally situated for your patio container or conservatory. It is hardy and likes to grow in a sunny, but sheltered position. Now you can have a full mature *Cabbage Tree* on our balcony or patio. In larger gardens Cordyline australis 'Karo Kiri' makes an interesting feature in a rockery or scree bed.

Leaf: Linear green leaves from top to bottom, striking feature

Size: 1.2m H x 0.4 S / Trunk forming

Preferred Location: Patio container / Conservatory / Rockery

Likes:  Full sun and free draining soil in a sheltered location

Dislikes:  Water logged soil and temperatures below -7°C.

**For decoration purposes only,
not fit for consumption.**
