

Cordyline banksii x australis Renegade 'Tana'^{PBR}

Cordyline 'Renegade' is a striking new variety with broad, dark purple, nearly black leaves and a glossy lacquered finish if cultivated in high light conditions. It is a compact, tight clump forming variety and an excellent choice for the modern, architectural looking garden. It can be used in garden borders and/or patio containers.

Care & Handling:

Common Name: New Zealand Cabbage Tree

Flower: white on mature plants during summer

Leaf: Dark purple-black, broad leaves with a glossy lacquered finish

Mature Size: 1.0m H x 1.0m S / Clump forming

Preferred Location: Garden border / Patio container

Likes: Full sun or partial shade / Suits most soil conditions

Dislikes: Water logged soil and temperatures below -5°C
