Cordyline australis 'Charlie Boy' is a striking new variety for your garden or patio container. With its richly coloured leaves in burgundy and pink it is a sensational feature plant. In addition to its colour feature 'Charlie Boy' is a tough and resilient garden plant. Cordyline 'Charlie Boy' has developed as a seedling from Cordyline australis. In garden trials in Ireland it has outperformed other varieties for its robustness, especially regarding trunk stability. 'Charlie Boy' will give years of colourful value and enjoyment to your garden
