Dahlia 'Knockout' is one of an estimated 50,000 varieties of Dahlias available in the world today. What makes this variety so special is the bright yellow flower of Dahlia 'Knockout' with prominent orange centres and its striking contrast against the black lacquered leaves on the main plant. This Dahlia provides a stream of colour to the border or alternatively a stunning high impact feature plant when planted in a suitable patio container. 'Knockout' is a fantastic variety from well known New Zealand breeder Dr.Keith Hammett.
