

## Libertia peregrinans 'Gold Leaf'

### For Garden and Patio

Libertia is one of the most attractive compact foliage plants from New Zealand.

Perfect for use in containers, as a specimen or mixed with other plants.

Uniquely attractive foliage turning from olive green to amber and orange during Autumn and through Winter.

Easy to grow, low maintenance, develops a suckering habit easily contained.

Wonderful foliage colour for Winter and Summer arrangements as either accent or main colour theme.

**Outstanding Autumn Foliage**

**Ideal for Planters and**

**Containers**

**Easy Cultural and Growing**
